WBF Photo Award 2018

We congratulate all the winners!

The World Bodypainting Festival, as the most significant bodypainting event in the world annually attracts hundreds of teams from more than 50 nations to Klagenfurt - lake Wörthersee (AT).

The many impressive works of art fascinate thousands of visitors and photographers who capture the impressive artworks to keep it before the models take a shower.

More than 6 hours of work on the model, countless hours of preparation, a lot of feeling and emotions and everything captured in just one photo, a brief snapshot, that's the art of photography.

As in the past years one of the last prizes to be awarded by the WBF is the Photo Award. In two different categories "Best Bodypainting Photo" and "Best Fashion/ Portrait Photo" we present the winner:

"Best Bodypainting Photo"

1. Peter Ziegler (DE)
2. Sammy Patipat (AT)
3. Pedro Silva (PT)

"Best Fashion/ Portrait Photo"

1. Enrico Uboldi (IT)
2. Dimitri Moisseev (CA)
3. Davide Da Damos (IT)
